

# WHAT TO ASK YOUR EVENT PLANNER

## LIABILITY & SAFETY

### In-Person Events

- Am I liable if someone gets sick at my event?
- Can I require everyone to be vaccinated?
- How do I validate attendee vaccinations?
- Do masks need to be mandatory or can I make them optional?
- Will I hold more liability if I host the event at my location vs a venue?
- How do you reduce risk with food/beverage consumption?
- Do I need a health professional to scan employees for COVID symptoms?
- Can I require attendees to test negative before my event?
- Can I make mandatory events in-person again?
- How do I address events that are considered part of employee benefits?
